

AMENDING AN EDUCATION, HEALTH AND CARE PLAN (FOLLOWING MOVE TO THE AREA)

Amending - when and why?

- An amendment to an existing Education, Health and Care (EHC) Plan should usually occur after an annual review when there are significant changes identified to the current EHC Plan.
- Following the move to live in Portsmouth, an amendment to the Education, Health and Care (EHC) Plan issued by the previous local authority will be required. This will update the EHC Plan to be in the Portsmouth City Council format and reflect the current educational placement or future placement (if appropriate).

Proposed Amended EHC Plan

- Once it is agreed that the Local Authority will amend the EHC Plan, the SEN team will send a 'Proposed Amended Education, Health, and Care Plan' document.
- This document will be based on the previous Local Authority EHC Plan and the last Annual Review report and any other updated professional reports.
- A copy of the original / current EHC Plan will have also been sent to you for your information.

What do you need to do now?

- You now have 15 days to return the enclosed reply slip to indicate if:
 - You are happy with the proposed changes
 - You would like to make any written comments / changes to the proposed changes
 - You would like to meet with a member of the SEN team to discuss the proposed changes.
- This is also your opportunity to confirm your preference for school placement, which may be continuing in their current placement.
- If you require support understanding the proposed changes or with completing the reply slip, the Portsmouth SEND Information, Advice and Support Service will be able to help with this.

Visiting schools / education placements

- It is strongly recommended that you visit any new school / education placements before you express your preference. It is suggested that you speak with the Special Needs Co-ordinator (or the person who performs that role) of that establishment to discuss your child / young person's needs and ideally take a copy of the draft EHC Plan with you.
- The Portsmouth SEND Information, Advice and Support Service may be able to support you with visits to schools.

What the SEN Team are doing now?

- The SEN team will have referred the Proposed Amended EHC Plan¹ and any up-to-date reports to identified educational placements. This should be, in most cases, your child/ young person's current educational placement (nursery/ pre-school, school or college).
- If the SEN team are already aware of your preference then we will also refer papers to that placement.
- If your child / young person is due to transfer to another placement at the end of the academic year (e.g. starting school, Year 2 or Year 6), then the EHC Plan will be referred to the designated (catchment) school for your home address (as well as any preferred placement, if known).
- Once the SEN team have received your reply slip indicating education placement then, if the EHC Plan has not already been referred, a referral will be made to that placement.
- Educational placements have 15 days to respond to referrals to indicate if they feel they can or cannot meet the needs identified and make the provision specified within the EHC Plan.

What will happen next?

- If you have requested changes to the EHC Plan, these will be considered by a senior member of the SEN team. We will discuss with you if there any issues with making the requested changes.
- A member of the SEN team will attend a meeting with you, if requested, to discuss any issues regarding the proposed changes to the EHC Plan or placement.
- The SEN team will work closely with any school or educational placement not able to meet a child/ young person's needs to resolve any issues regarding placement.

- It may be necessary for the SEN team to present your child / young person's case to the Inclusion Support Panel (ISP) to ask advice about school placement, especially if a special school or Inclusion Centre has been requested.
- Once an appropriate school / educational placement has been agreed and any changes to the EHC Plan discussed and agreed changes made, the EHC Plan will be finalised and a copy of the Final Amended EHC Plan will be sent to you, school / educational placement and the other professionals who contributed to the EHC Plan.
- The final Amended EHC Plan should be received within 8 weeks of receiving the 'Proposed Amended Education, Health, and Care Plan' document. You will be informed if there is a delay to this timescale.
- When the Amended EHC Plan is finalised, this will open up your right to appeal about particular sections of the plan. This will be explained in more detail at that stage.
